

# Education Instructor Form

With the help of its local associations, the Florida Apartment Association is creating a databank of people willing and qualified to teach NAA-certification courses and educational seminars (ie. Fair Housing, Legal). Local associations, particularly those smaller ones which have trouble finding people who can teach the courses, will now have a list of instructors from which to choose. Please fill out this form and return it to FAA. You will not be obligated to teach at any local that contacts you, but it will give you the opportunity to teach in different areas of the state if you so desire.
